

# **PERCEPTIONS OF THE MOONSHOT PACT**

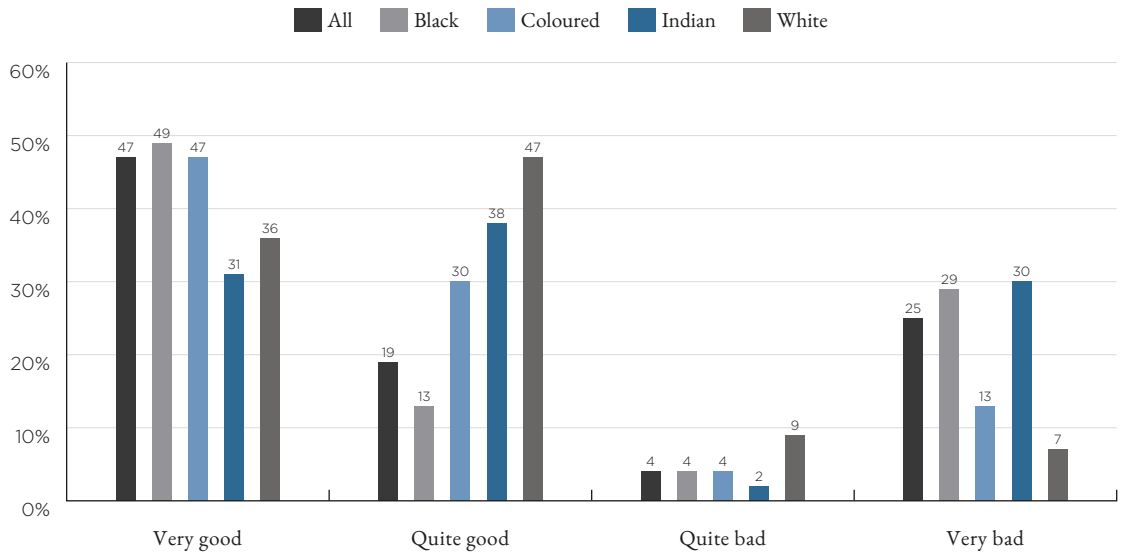

**This report investigates the perceptions of registered South African voters on the ‘Moonshot Pact’ (for readers who are not familiar the ‘Moonshot Pact’ is a term crafted by the leader of South Africa’s official opposition to describe a pact of centrist opposition parties looking to displace the ruling ANC party).**

The data is based on a survey of 1 412 geographically and demographically representative registered voters commissioned by the Foundation in October 2023. That survey had a national margin of error of 5%. Totals may not add up to 100% where rounding has occurred or where participants refused to answer a question.

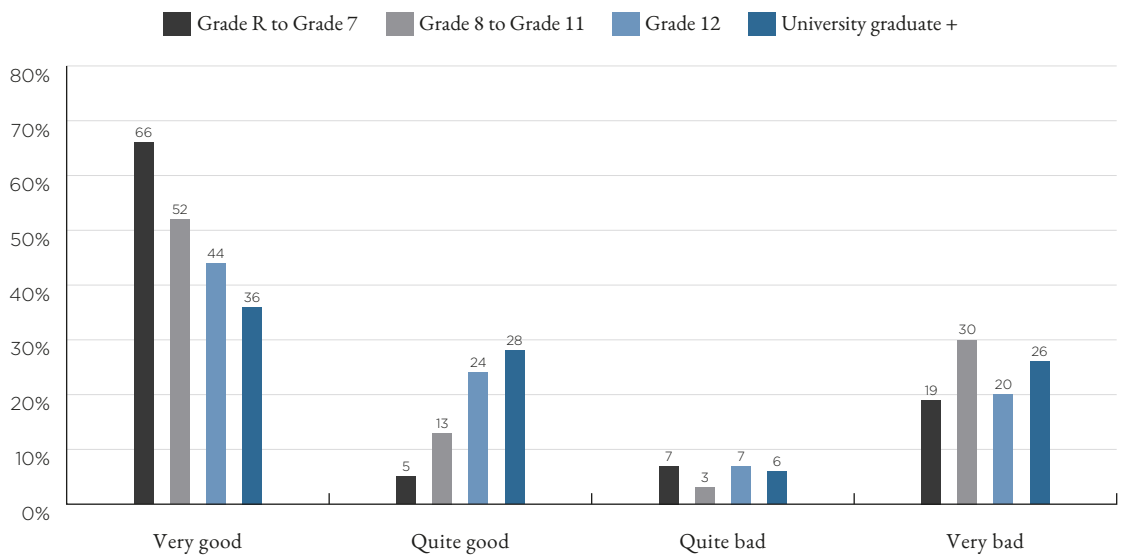

**A RANGE OF OPPOSITION PARTIES RECENTLY HELD A CONVENTION, WHERE THEY AGREED TO WORK TOGETHER TO BRING THE ANC BELOW 50% IN THE UPCOMING 2024 NATIONAL ELECTIONS AND, IF THEY MANAGE TO DO SO, TO THEN WORK TOGETHER IN THE FUTURE, TO FORM AN ALTERNATIVE NATIONAL GOVERNMENT AND GOVERN IN A NATIONAL COALITION.**

# IN GENERAL, DO YOU THINK THIS IS A GOOD IDEA, OR IS IT A BAD IDEA?

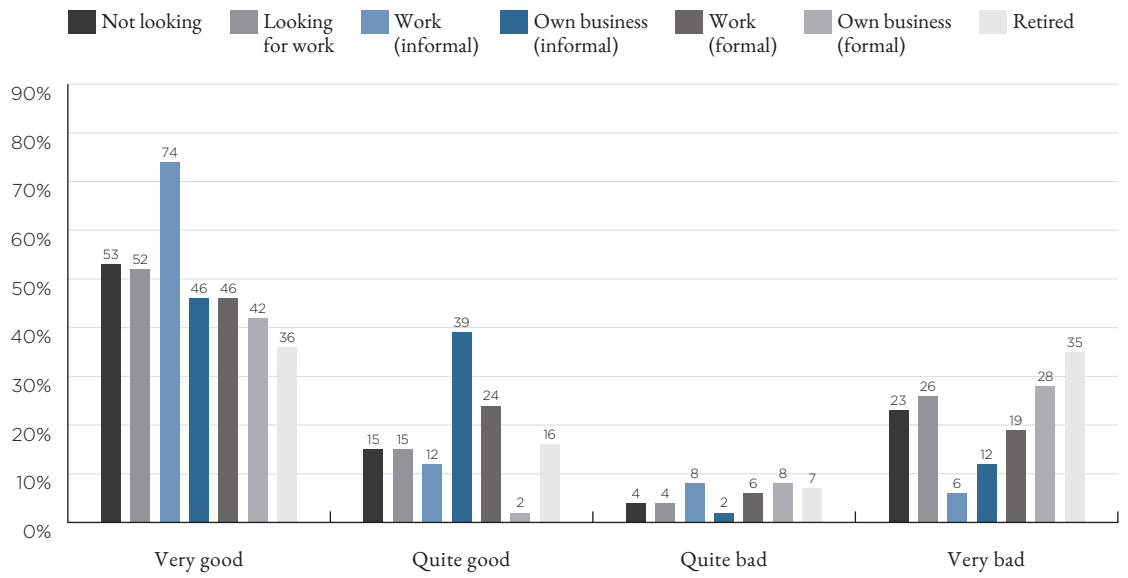

## By race

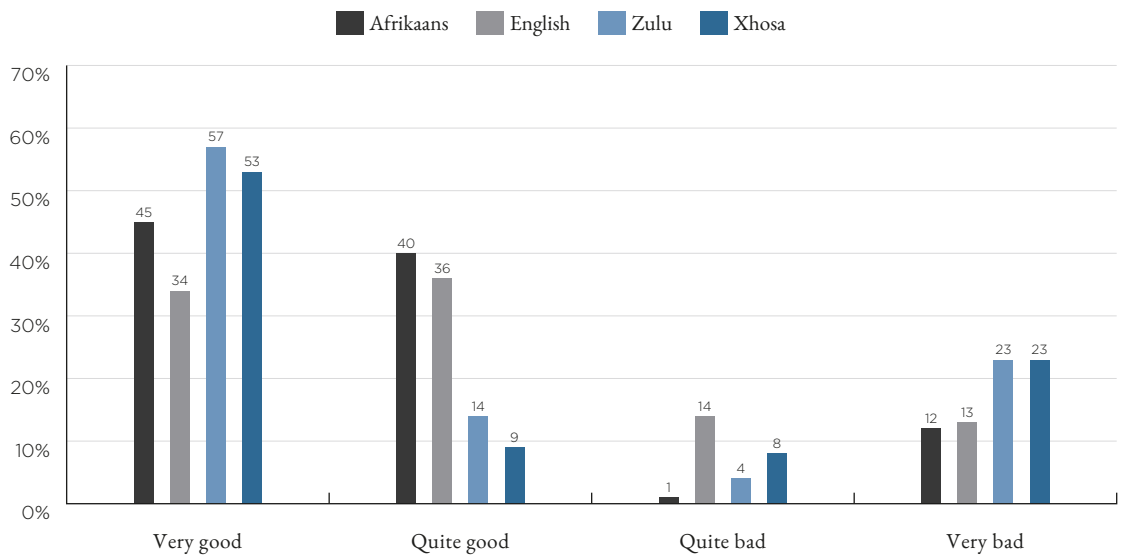

## By highest level of education

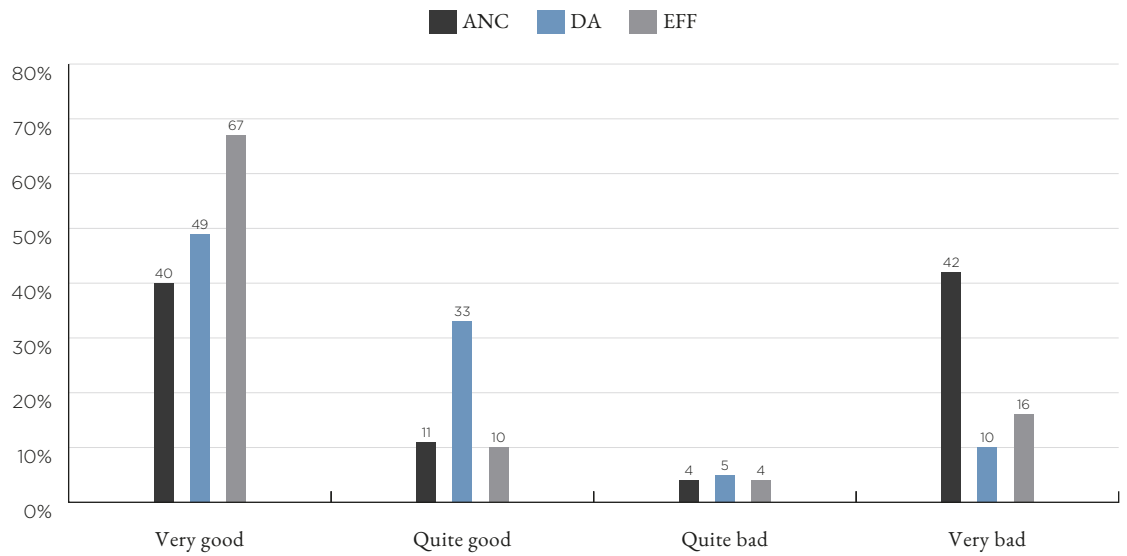

### By employment status

### By home language

### By party affiliation

## TENTATIVE CONCLUSIONS

The data reveals that a majority of registered voters in South Africa believed that the 'Moonshot Pact' is a good idea. This finding holds across all race, education, employment status, home language and party affiliation categories.

This report was produced by the **Social Research Foundation**, a think-tank focusing on public policy issues and the promotion of democracy.
